BRADLEY IS GUILTY

THE HOPKINS AUCTIONEER MUST SERVE PENITENTIARY SENTENCE

THE JURY ACTED QUICKLY

Punishment Was Fixed at Three Years —Given Into Custody of Sheriff Awaiting Commitment Papers

Despite efforts of attorneys for the defense to convince the jury hearing the evidence in the Glen Bradley case that their client was under the influence of liquor at the time he committed the assault of Mrs. Clarence Davison, and was therefore unable to distinguish between right and wrong, it took less than three quarters of an hour to return a verdict of guilty with punishment fixed at three years in the penitentiary. It was learned that the twelve men were of one opinion as to the guilt of the defendant, the only difference being on the degree of punishment that should be given. Several ballots were taken before a three year term was agreed upon.

The arguments of attorneys on both sides occupied the entire afternoon and a night session was held, the case going to the jury shortly before ten o'clock.

The crime for which Glen Bradley, well known Hopkins auctioneer, was convicted, occurred on the 20th of last September when he drove to the Davison home three miles east of Hopkins. Mrs. Davison being alone, he inquired as to her husband's whereabouts. She told him he was some distance away at work in a field. Bradley drove away and some twenty minutes later returned and went to the house where he met Mrs. Davison as she started to enter the door, having been to the garden for vegetables. He followed her into the house and forced her to the floor. After a struggle in which her clothing was torn and she received severe bruises, she escaped from him and ran to where her husband was working. Bradley left the place and went back to Hopkins, where he was later arrested on a warrant sworn to by Mrs. Davison.

Bradley has a wife and little daughter. It was not learned today whether his attorneys will file notice of appeal for a new trial. Bradley was turned over to Sheriff Dowden awaiting commitment papers, when he will be taken to the penitentiary.

INQUEST WILL NOT BE HELD

Evidence Sufficient That Lloyd White Committed Suicide by Poison, Says Coroner Rowlett

County Coroner H. S. Rowlett will not hold an inquest as to the cause of the death of Lloyd White, who died yesterday at St. Francis hospital. Dr. H. S. Rowlett said this morning that there was no question that it was a case of suicide and the only thing that might be determined was the nature of the poison. An autopsy of the body, he said, under the conditions, would not be approved by the county, which would not want to bear the expense.

The remains will be taken to Siam, Iowa, where the funeral will be held at the Christian church there tomorrow afternoon. Burial will be at Siam.

Mr. Jennings was found hanging from a rafter in a shed about 2 o'clock Monday afternoon by his son, Alva. He was removed to the house, but never regained consciousness. Ill health is thought to have been the cause of the act. Mr. Jennings was about 60 years old, and is survived by his wife and four children, Oliver, James, Alva and Effie, all at home.

SCHOOL PROBLEMS

COUNTY SCHOOL BOARD IN CONVENTION TOMORROW

HEAR TAX DISCUSSION

W. M. Oakerson Will Present Plans of State Superintendent In Connection With the 1918 Taxes

At the county school board convention to be held tomorrow at the court house, W. M. Oakerson will explain to school board members the plans of the state superintendent with regard to providing for the 1918 taxes under the new assessment returns. As in the case with other property being returned at its actual cash value, school property shows an increase, and with the levy already fixed by law the various county superintendents have passed the problem up to the state superintendent for adjustment.

The convention tomorrow is arranged in accordance with the school law and attendance is compulsory by members of the various township boards, a per diem allowance being made for that purpose. On Friday and Saturday in the business college rooms examinations for teachers will be held, beginning at 8:30 o'clock and continuing throughout the day.

An unusually interesting program of talks and discussions will be heard tomorrow. Among the important problems that will be discussed at the forenoon session are:

"Educational Problems as Shown by the Questionnaire; How Deal With Them"—L. C. Cook.

"Duty of the Board Toward School Levy"—Carl Wray of Guilford.

"Why Retain the Same Teacher and Upon What Conditions Raise Her Salary"—Dr. S. E. Davis.

"What Qualities Will You Demand in the Teacher of Your School?"—Supt. J. M. McDonald.

At the afternoon session, besides an address by W. M. Oakerson, Frank Barrett of Skidmore will discuss the Duties of the District Clerk, and How He Should Fill His Reports." Vitalized agriculture and home making as taught in the rural schools and demonstration work by the pupils of several rural schools will have an important place on the program.

At the afternoon session Miss Helen Zenor, director of music at the Normal, will lead a large chorus in several songs. The convention is open to the public and school patrons who are urged to attend.

Public Reception at Normal Friday In Honor of Funston Players Will Be Big Patriotic Event

A program has been arranged for Friday afternoon at 3:20 o'clock at the Normal, when the Funston basket ball players arrive, when a reception will be given them. It is urged especially that parents of enlisted men attend the reception and meet the men from Camp Funston.

At the reception which will follow, the faculty and teachers will endeavor to have the soldiers meet as many as possible of the parents of men who have gone from here and students of the Normal.

Hundreds of prominent business and professional men from the fifteen middle western states, comprising the Central Military department, are included in a roster, just published, of Y. M. C. A. secretaries and volunteer workers either on their way over sea or now serving the American troops in France. Within the past month the number of men in Y. M. C. A. war service abroad has been increased from 934 to nearly 1300, of whom over 1100 are employed in France alone.

Announcement received here today from the National War Work Council of the Y. M. C. A. states that imposing as the figures may seem they represent but a part of the needs of the Red Triangle for men for such war work. It is estimated that during the next four months the Y. M. C. A. must add forty-three new secretaries or volunteer workers every twenty-four hours if it is to handle adequately its army and navy centers and administrative and other offices here and abroad.

Five hundred and twenty secretaries are now employed in the Central Military department alone. To serve the needs of the 300,000 enlisted soldiers and sailors in this military zone the Y. M. C. A. has erected 86 service huts, auditoriums, garages and administration buildings and has authorized the construction of 27 additional structures which will be completed within the month, it is stated. JAPAN INTO WAR?

RUSSIAN SITUATION WILL FORCE ACTION, IS BELIEF

AN ARMY INTO SIBERIA

Will Support Loyal Russians Who Will Not Subscribe to Shameful Peace Imposed by Kaiser

Special to The Democrat-Forum.

Washington, Feb. 27.—Japan is about to take her full part in the war. High diplomatic representatives of the Entente allies were fully convinced of this fact today and it is understood here that conferences are now in progress in Tokio which will decide what action the latest Russian developments have forced on the Japanese nation. Pending a complete decision on this point, definite knowledge of what can be expected cannot be secured, but diplomats here and many high administration officials believe that the Japanese army will be sent through Siberia against Germany and will support the loyal Russians who are expected to refuse to subscribe to the shameful peace that Germany is imposing on the Russian Bolsheviki.

It is considered certain that Japan must interfere in Russia at once, although actual information regarding what will be done will be withheld by Tokio until its publication can give no act to Germany.

London, Feb. 27.—There is a growing disposition here to believe Japan will intervene in Eastern Russia to protect her own interests and those of the Allies.

14 MEN TO FUNSTON TODAY

Addition of a Supply Man to Quota Keeps Squad From Being an Unlucky Thirteen

Members of the draft board this morning were kept busy arranging for the departure of the thirteen men called into service who will leave this afternoon for Camp Funston. Each man was "checked up" by the clerk and given his credentials, all of the number having reported shortly before noon. Without exception the men made application for the limit of life insurance, $10,000, and will present the application to the insurance officer at Camp Funston on arrival there.

Before the boys had dinner this morning Miss Betty Turner, of the Red Cross Home Service Department, held conferences with them singly and in groups, when information was given that will be of service after they have gone and in case of emergency.

Besides the thirteen, whose names were given in yesterday's Democrat-Forum, Aloysius J. Bansbaugh of Conception Junction, who was scheduled to leave next Monday, goes with today's quota. Joseph Charles Lee, removed to Texas, is also included with the number.

The men will be accompanied to the train by Fred J. Yeomans and Dr. Frank Wallis, members of the draft board.

HUNS HORDES ARE NEARING PETROGRAD

PART OF POPULATION IN FLIGHT FIGHTING FOR PLACES ON DEPARTING TRAINS

GERMANY REFUSES TO GRANT AN ARMISTICE

Ambassador Francis Has Advised the State Department Hun Army Is Within Few Hours of Capital —Fear for Party's Safety

Special to The Democrat Forum.

Petrograd, Feb. 27.—The Germans are now within six hours of Petrograd and are continuing their advance, with portions of the population in flight. Tramways and railroads were running all night and railway stations are jammed with people fighting for places on the trains. The only obstacle between the invaders and the capital is a small force of armed workmen who have been sent out of the city to meet the foe.

"Germany has formally refused to grant an armistice and German detachments continue to advance," says an official statement issued today. "Resistance thus becomes the principal task of the revolution.

"Russia's greatest strength lies in her wide territories and the government can and, if need be, will retreat. If the threat against Petrograd increases the government will remove to Moscow or another city."

London, Feb. 27.—A dispatch to the Exchange Telegraph from Petrograd reports that there has been a disagreement in the council of Workmen's and Soldiers' Delegates and that the retirement of Leon Trotzky, the Bolshevist foreign minister, is imminent.

Washington, Feb. 27.—The state department was advised by Ambassador Francis that on yesterday the German army was only eight hours march from Petrograd and that he was preparing to leave the Russian capital with his staff.

The message, which was dated Monday and sent by way of Pekin, said Mr. Francis would join the Chinese and Japanese diplomats also preparing to leave. It did not refer to plans of the European diplomats.

Francis Going to China.

It was taken for granted at the department that the ambassador has abandoned the idea of following the Lenine-Trotzky authorities to a temporary capital, and that the route chosen is that over the Trans-Siberian railroad into China.

No instructions have been sent by the state department to Mr. Francis, who in all his negotiations with the de facto government in Petrograd has used his own judgment.

Fear for Ambassador's Safety.

An abandonment of Russia will be construed by officials here as an indication that the ambassador regards

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

FIND WAR BREAD IN BIBLE

The Children of Israel Were Told to Use Substitutes With Wheat —by Prophet Ezekiel

Columbia, Feb. 27.—War bread is far from being a new measure to conserve food. The Children of Israel, when they defended Jerusalem against siege, were advised by Ezekiel to utilize every possible means for supplementing their wheat supply, and that was more than 2,400 years ago.

A thirteenth century commentator named David Kimchi, a writer for the Christian Science Monitor pointed out recently, drew attention to the verse in Ezekiel which said, "Take thou also unto thee wheat and barley and beans and lentils and millet and fitches, and put them in one vessel and make thee bread thereof."

"The prophet," commented David Kimchi, "thus warns the disobedient children of Israel that, during the siege of Jerusalem, they will no longer be able to make their bread with pure wheat, but they will have to mix with it all kinds of grains and vegetables."

Whatever Ezekiel may have meant by his advice to the children of Israel, he furnished a recipe for war bread which is undoubtedly the oldest extant.

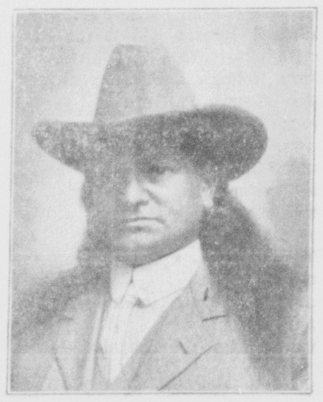
SATURDAY, MARCH 2, 1918
Will be at Hotel.

HE WILL EXAMINE YOU FREE. HE WILL TREAT YOU FREE EXCEPT FOR MEDICINES USED.

He Will Treat Only Three Patients on Account of Scarcity of Medicines He Uses. If you want to be Treated, Come Early.



MARRIED WOMEN MUST BRING THEIR HUSBANDS.

HE TREATS THE FOLLOWING DISEASES:

He will examine you free of charge. He treats diseases of the blood, skin, heart, lungs, liver and kidney diseases, stomach, including rheumatism, paralysis, catarrah, epileptic fits, goiter, loss of nerve force, eczema, dropsy, bladder, gall stones, asthma, the eye, ear, nose, throat and piles without the knife, without pain, without detention from business, and all private diseases of men and women. Don't fail to come.

To Whom It May Concern:

I have been a sufferer for years with stomach troubles, the doctors said I had. I am a young man, and a farmer. I live at Barnard, Nodaway county, and I could not do my work, for I suffered with pains in my stomach, pains in my back, headaches, dizziness and troubled with constipation. I went to Kansas City and St. Joseph, to specialists. They did not help me. We read so much about the Great Indian Doctor at Maryville, and my wife and I went to see him. He examined me, and then told me my troubles better than I could tell him. I took treatment from him and I started to get better from the first dose of medicine I took. I can not speak too highly for him, and every man and woman that is a sufferer should go and see him; you make a mistake if you don't.

Respectfully yours,

TRUCKS FOR LUMBER COS.

Maryville's Two Concerns Will Soon Install Motor Equipment—Trucks Solve Transportation Problem

Maryville's two big lumber concerns, the Curfman Bros. lumber company and the E. C. Phares lumber company, will soon install motor trucks in the operation of their business, having purchased recently Republic trucks especially designed for the lumber business. The trucks will be delivered as soon as the bodies are completed.

Transportation has become such a serious matter in this country, due to congested business, war shipments, competition, long distances for delivery, inadequate railroad facilities and other factors, that motor truck manufacturers are going deeply into the question from every angle.

Motor trucks are still in their infancy. The first principles of design and construction have been established and the motor truck has proved that it can take its place in the world's work. There are other problems that must be solved.

Each business for successful handling of its goods requires some special design of body. Loading platforms must be so arranged that the truck can get in and out without loss of time. A motor truck represents an initial investment of quite a sum of money, and to pay returns on this outlay it must be kept working as many hours of the day as possible. It costs almost as much to run it empty as it does loaded, hence, where possible, provision must be made so as to route it that on the return trip it will be possible in many instances to bring back a load.

In the days of the horse and wagon only so many miles a day could be covered. Routes were laid out with this in mind. With the motor truck, though, there is no limit to the mileage. It is altogether a case of the number of hours that the truck crew works. Upon how well they work depends the length of the route.

Reginald Welch and Henry Messbargar of Parnell are in Maryville on business today.

You will feel at home on Fifth Avenue

THE VERITE style service makes it possible to buy in our store the New York modes in which you would feel perfectly at home on Fifth Avenue—distinctly individual.

This week's VERITE modes depict Fifth Avenue's latest interpretations of the vogue — smart suits for the well-dressed woman who appreciates true metropolitan style.

Gabardine in a fashionable color called Desert Sand is the material of the suit at the left whose jacket features a peplum back and a white Roshanara Crepe collar and vest. The skirt is a fascinating innovation—just a width of material falling in a graceful drape from a yoke belt and convertible at your pleasure into a cleverly shaped wrap.

Very youthful and swagger is the VERITE suit of fine navy serge with effective cordings of red military cloth. The two piece skirt is slim and modish and provided with pockets and a belt. The jacket is hip length ripled below waist and completed with a smart narrow belt.

A most Springlike suit of black and white check is the one on the right. It is smartly tailored, which as you know, is always fashionable and always in good taste. The jacket is rather fitted with a ripple peplum back and an over collar of white silk. The fashionably narrow skirt is in two pieces and is finished with pockets and a belt.

These new VERITE models are now on display in our coat and suit department. When you come in to see them don't forget to ask for a complimentary copy of the weekly VERITE fashion letter written by Miss Edith M. Burtis, former fashion editor of the Ladies' Home Journal.

The Law and the Lens

No use arguing—your headlights *must* comply with the law. If they throw a single glaring ray of light above 42 inches from the ground you risk arrest. If your number is taken, you might as well smile, pay your fine ($25 for first offense) and drive straight to the nearest garage or supply house. There you can put on the McKee Standard Lens—the only concave-convex lens on the market—and one that complies with the no-glare law in every state.

It is made of crystal-clear glass, unusually neat in appearance. No dimmers—no attachments. The prisms do the trick. The horizontal ones project an intensely bright beam that hugs the road below the 42 inch deadline for 600 feet ahead of the car. A strong side light, necessary for safety in passing cars and for turning corners, is given by the exclusive concave-convex shape. The same candle power bulbs you are now using will give you 63% more light with McKee Standard Lens.

If your dealer cannot supply you, send price, size of lens, model of car direct to us.
